# "UNITY BEFORE FLIGHT"

## NPG in solidarity with SAS Pilots

26. April 2019

All SAS pilots in Scandinavia are on strike as of 26 April 2019 after the mediation process between the SAS pilots and Management in Norway, Sweden, and Denmark ended without reaching an agreement.

The NPG believes that neither SAS pilots, nor any other (transnational) pilot group, should accept a degradation in working conditions combined with unpredictable & unstable work patterns, and a lack of job security.

The NPG expresses its full support to all SAS pilots on strike in Norway, Denmark, and Sweden, and extends the hope that this unfortunate situation will draw to a swift and mutually satisfactory conclusion.

United we stand!

On behalf of the NPG Master Executive Council (NPG MEC),
